2. The proposal of the Dt Bd to open new subsidised rural dispensaries in the current year was not approved by the Govt on the ground that the finances of the Dt Bd will not permit the incurring of the extra expenditure involved in the opening of new dispensaries – vide notes on pp 12-16 of memo 21005-3 (D2) PH dy 24-2-37. be requested to say with reference to the Board's budget for 1937-38, whether the Bd may be permitted to open at least two new subordinate rural dispensaries in 1938-39 first all the four dispensaries recommended by the S.G. The extra expenditure from Dt Bd funds on that account will be about Rs 1,000 per annum.

On the expenditure side the Bd will have to find annually about Rs 7,600 towards the cost of the triennial election. (Designation) President, District Board, South Kanara.

To The Secretary to the Government of Madras,

Education and Public Health Department.

Madras.

Sir,

After the abolition of the Taluk Boards, the District Board had submitted several representations to Government pres--sing the need for medical relief in some of the rural parts of the district.

2. The District Board in its Resolution No. 90 dated 22. 6. 1935 resolved to open dispensaries at Trikarpur and Hiriadka but the Government in their Order No 2578 P.H.dated 2.10.1935 declined to sanction the payment of subsidy. Pro--posals were again submitted to Government in 1936 as per Dist.-rict Board Resolution No 112 dated 21.11.1936 for the opening

of new rural dispensaries at 21 centres and as per the recommen-
-dations of the Budget Committee for 1937- 1938 provision for the supply of medicines at Rs 360 for each dispensary was made in the budget estimate of the District Board for 1937. 1938. But -- this provision was subsequently deleted by the Government in --- their Memorandum No, 21005- 3 D2 P.H.dated 24.2.1937 and the --- Board was informed the Government were unable to provide funds in their Civil Budget estimate for 1937-1938-

3. In pursuance of the instructions issued in Government---- Memorandum No. 4731- ID 2 P.H.dated 18.3.1937 the District Board- in its Resolution No 17 dated 15.5.1937 resolved to provide ---- funds towards the cost of medicines for the opening of the dispen-
-saries at Trikarpur, Kokkada, Venur and Guttigar . In the same-- resolution it urged the Government to sanction the opening of the dispensaries at Hossangady , Ajekar , Mundkur and Perdur. But the Government in their Order No. 1834 Edn. and P.H. dated 29.7.1937 were pleased to issue orders that they were unable to approve---- the proposals of the District Board to open eight new rural dis-
-pensaries in 1938- 1939 . Even the opinion of the Surgeon-General that medical relief is required in the four villages --- mentioned in Government Order Memorandum No. 4731-1 (D2) P.H. --- dated 18.3.1937 did not prevail on the Government to sanction the opening of the dispensaries in those villages.

4. As per the procedure laid down in Government Order No.366 P.H.dated 22.2.1932 the District Board has to furnish a certificate to the effect that it will meet the cost of medicines etc to be -- supplied to the new dispensaries and to obtain the approval of the District Medical Officer as regards the suitability of the vill-
-ages for locating the dispensary. But I find that though the --- District Board resolved to provide funds and the Surgeon-General-- approved the suitability of the villages for opening of new rural -- dispensaries Government have declined to provide funds in their civil budget estimate.

As a result of the closure of the dispensary at Punjal as per Government Order No 2013 Education and Public Health dated 12.8.1937 the provision of that dispensary has since been transferred to Trikarpur with effect from 5.10.1937 .

5.. With reference to Government Order No 1834 Edn-and P.H.dated 29.7.1937 the District Board has again resolved to request the Government to sanction subsidies for the new dispensaries and it has undertaken to provide its share towards their maintenance - vide District Board Resolution No 8 dated 11.9.1937(copy enclosed).

In the circumstances explained above and in the interests of the rural population of the District, I request that Government may be pleased to extend medical relief to eight villages by sanctioning the opening of new dispensaries and providing necessary funds in their civil budget estimate for 1938- 1939.

Your obedient Servant,

President.
